

## Protection concept for our holiday apartments Haus Aiglon

1. All people in the house clean their hands regularly
2. There are enough protective articles available for our employees
3. At the house entrance, there is a hand disinfection station (just by the main entrance)
4. Each apartment has been provided with enough liquid soap
5. Every apartment is cleaned thoroughly by us, aired and surfaces are disinfected
6. We have informed all employees of our company about the protective measures
7. All people consider the 1.5m distance
8. We regularly clean the surfaces and objects that are used by several people as required
9. All our bedlinen and bath towels are professionally cleaned (60° wash, tumbler or ironed)
10. The information folders have been removed from the apartments, piste, location and hiking maps are updated every time the tenant changes
11. When handing out the guest card, we have all the necessary information from everyone to provide information in the event of illness
12. In the event of illness after departure, we ask all guests to inform us
13. We will implement this protection concept efficiently

We wish you a pleasant stay in our Haus Aiglon

Your landlords Sandra und Laurence Rachel Schwery
